Section A. Facility Data Facility No. B442 L **Facility Descriptor:** Laundry; 2,484 square feet Project: RISS - Area 1 D&D - Type 1 Facility **Date of Demolition:** April 9, 2002 Additional Information: Laundry was a reinforced concrete building of 2,484 square feet. The facility had both friable and non-friable asbestos containing material, which was remediated prior to demolition. The structure was demolished down to the slab and disposed of as sanitary waste. The slab contained areas of known contamination, which were protected during demolition. Environmental restoration will remove the slab and any below grade items (see attached Facility Disposition RSOP Notification -Concurrence). Utilities were all disconnected to more than three feet below grade prior to structure demolition in accordance with site configuration control procedures. A map of all underground utility disconnect locations will be maintained and submitted to the AR on project completion. Site restoration will be performed during the final land configuration for Rocky Flats. (Must include information on environmental releases and conditions of site at turnover to Environmental Restoration)
